

1080p Outdoor Wi-Fi Camera with Two-Way Audio

Overview

The Outdoor Wi-Fi Camera, with Two-Way Audio, allows for proactive deterrence of unwanted activity on your property. Powerful Video Analytics from Alarm.com can detect and alert you to people and animals active around their homes or businesses. Two-Way Audio gives you the power to discourage unwanted visitors. Plus, thanks to Onboard Recording with Smart View you can locally record encrypted video onto a microSD (optional upgrade) and view footage from anywhere.

Included accessories

- Power adapter
- Installation guide

Features

- Two-Way Audio to hear and speak with visitors
- Microphone and speaker
- Video Analytics for smarter detection and relevant alerts
- Onboard Recording with Smart View for continuous, local, encrypted recordings
- High Dynamic Range (HDR)
- Wi-Fi (2.4 or 5 GHz)
- Audio included in recorded clips for additional awareness
- Works with the Alarm.com website and Customer app (requires subscription)
- Easy microSD card door

Specifications
